

IEEE SA Board of Governors Open Source Committee (OSCom) Declaration Form

Name: _____

Email: _____

The IEEE SA Board of Governors (BoG) Open Source Committee (OSCom) is responsible for oversight of the IEEE SA Open Platform and open source requirements to address projects on the Platform. While OSCom generally meets in open sessions to discuss issues pertinent to IEEE SA Open, there may be instances where information is restricted to OSCom members and require that participants retain and protect confidential information provided to them or the confidentiality of information discussed during Executive Sessions.

I recognize that as a member of OSCom, I may be required to review information that is confidential to IEEE (IEEE Confidential) or participate in meetings under Executive Session. I understand it is my responsibility to keep IEEE Confidential and Executive Session information confidential, and to not discuss or disclose the confidential information outside the Executive Session. As a member of OSCom, I accept that I have these responsibilities, and I understand that if I am found not to have complied with these expectations, IEEE may take appropriate actions, up to and including my removal from OSCom.
